TO: All DIA Civilian and Military Employees and Retirees

SUBJECT: Establishment of an Organization for DIA Civilian and Military Retirees and Prospective Retirees

1. I have approved the charter (enclosure 1) for an organization of DIA civilian and military retirees and prospective retirees. The organization, named Defense Intel Alumni Association, Inc., will operate at Agency facilities for the educational and social benefit of former DIA personnel. Further, I approve the service of current Agency personnel on the Board of Directors along with former Agency personnel in order to foster the overall success of the organization. Approved as members of the initial Board of Directors for the periods of time indicated are the following individuals:

Wynfred Joshua	2 Years
Andrea Arntsen	2 Years
William Wetzel	2 Years
Leonard Pinkney	2 Years
Joseph Lamoglia	2 Years
Bernard Braun	1 Year
Peggy Oliver	1 Year
Kathleen P. Turner	1 Year

2. At a time when the thought of retirement is becoming increasingly attractive to many who spent a lifetime at DIA and in the service of our country, I heartily endorse such an organization. It will help prolong friendships and interests acquired over many years and will offer guidance in the development of interests, skills, and mental outlooks that will make retirement years a most rewarding experience. I am enclosing a membership application form (enclosure 2) for your consideration, as well as a communication from the organizers of the Association describing their initial program and future goals (enclosure 3).
